

Mycotoxin Summer Talks

Fri. 07.07.2017, Universitäts- und Forschungszentrum Tulln, Konrad-Lorenz-Str. 24

08:15		Registration and Get Together
09:00	F. Berthiller	Welcome and Introduction
09:10	Richard Öhlinger AGES	Keynote Lecture: Actual issues related to mycotoxins in food and feed
09:40	M. Sulyok Vitore Shala-Mayrhofer Landwirtschaftskammer	Mycotoxin preharvest monitoring for maize
10:00	Irene Hahn Romer Labs	Use of (certified) reference materials for the determination of mycotoxins
10:20		Coffee Break & Poster Session
11:00	A. Malachova Sarah De Saeger Ghent University	Keynote Lecture: Mycotoxin research in a developing and changing world
11:30	Nada Jurisic BOKU	Determination of aflatoxin biomarkers of exposure in freeze-dried chicken ileal content and chicken excreta
11:50	Chiara Dall'Asta University of Parma	Keynote Lecture: Modified mycotoxins: Challenges in the assessment of their toxicological relevance
12:20		Lunch Break & Poster Session
13:30	Angel Medina Vaya Cranfield University	Keynote Lecture: Influence of climate change on mycotoxigenic fungi
14:00	E. Varga Giorgia Del Favero University of Vienna	Mycotoxins and mechanotransduction: A meeting at cellular level
14:20	Gerd Schatzmayr BIOMIN	Keynote Lecture: Biomarker based comparison of two approaches for the <i>in vivo</i> detoxification of zearalenone
14:50	F. Berthiller	Final Discussion and Closure
